

THE VINE SERIES®

CHERRY MOSCATO

Overview

Cherry Moscato was born in our experimental Pilot Project series, which allows us to play with a variety of flavors and show off our adventurous side. It passed the #owtastetest with flying colors, so we gave it a permanent home in our Vine Series collection.

Tasting Notes

Moscato's luxurious sweetness and tropical character is balanced by the bright, fresh flavor of ripe Montmorency cherries in this easy-to-drink, sweet blush-pink wine. A hint of spritz finishes every sip. A refreshing change of pace for both sweet and dry wine drinkers.

Winemaking

Muscat Canelli and Muscat Alexander combine to create our lush Moscato blend. We add the juice of tart Montmorency cherries and a touch of bubble to create this refreshing balance of summertime bliss.

Pairing

Pair with a good book by the pool, at the beach, or any time in between. Serve with bright summer meals, and keep a bottle chilled to enjoy as the sun fades and patio lights turn on.
