

CHERRY★ & COBBLER

→ Tasting Notes

Unexpectedly refreshing, Oliver Cherry Cobbler features bright, sweet cherries with a hint of flaky baked crust, and subtle vanilla “a la mode” on the finish. Serve this blush, apple-based wine chilled for a classic summer treat.

→ Vinification

- We use our state-of-the-art winemaking facility to capture the flavors of our freshly pressed apples. Apples are literally pressed by our apple suppliers one day before fermentation begins.
- We cold ferment the apple juice and arrest fermentation at just the right time.
- Our winemaking process is designed to be as gentle on the fruit as possible.
