

Beanblossom[®] Original & Peach

→ Tasting Notes

- Delicious, like fresh apples
- Crisp
- Refreshing
- Just the right amount of sweetness

→ Vinification

- We use our state of the art winemaking facility to capture the flavors of our freshly pressed apples. Apples are literally pressed a day before fermentation begins (by our supplier).
- We cold ferment the apple juice and arrest fermentation at just the right time.
- Like other wines we produce, all of our winemaking processes are designed to be as gentle as possible on the fruit.

SOURCES

Midwest Apples

BLEND

Varies from batch to batch, but generally includes: Ida, Red, Jonathan, Golden Delicious, Red Delicious, Empire and Gala apples.

ALCOHOL
