

Soft Red Lime

➔ Overview

A fun-to-drink sweet red wine. Big, juicy grape flavors are highlighted by a surprising and satisfying splash of pure lime extract.

➔ Tasting Notes

Called America's original dessert wine, Concord is famous for its deep burgundy color and classic sweetness. A traditional sweet wine transforms with the addition of lime extract. Big grape on the palate, with a bright, fresh burst of lime on the finish.

➔ Winemaking

To create Soft Red Lime, our winemaking team had to think outside the vines. Ruby-colored Concord juice is chilled and fermented in stainless steel tanks to retain its natural sweetness and classic flavors. The added twist: pure lime extract — no artificial added flavors. The finished wine is clean, subtle, and bright.

➔ Food Pairing

No need to mix before you mingle with this wine. This wine is a cocktail on its own! Ideal for sharing. Add a lime wedge or paper straw to dress it up, then pour over ice and pair with friends.
